# WORKSHOP SOLUTIONS

## AUSTRALIAN MANUFACTURED AND OWNED

- Dedicated Product Research & Development team
- In-house engineering and design team
- Manufacturing facility based in Sydney, NSW
- Australian Distribution network hubs in Perth and Sydney
- Export to over 60 countries
- Dedicated technical and customer support services
- Local Field Support in each region
- Convenience of 24-7 Online ordering

## THE MACNAUGHT DIFFERENCE

Since the beginning, our vision has been to offer professionals absolute reliability and uncompromised performance in the harshest environments. Over time, we have made this vision a reality and have become the benchmark in our class thanks to our DNA of:

- Innovative designs,
- Quality workmanship and,
- An expert team dedicated to your business.

We call this the *Macnaught difference*;  
our customers call it *peace of mind*.

## HOSE REELS

### POLY REELS

- AR320R-01**
  - Compressed Air Reel
  - 20m x 3/8" Premium PVC hose 275 psi
- GR215K-01**
  - Grease Reel 15m x 1/4" SAE100R2 hydraulic hose 5000 psi
- OMP415B-01**
  - Oil Reel 15m x 1/2" SAE100R6 hydraulic hose 1000 psi

### RETRACTA SERIES ENCLOSED HOSE REEL

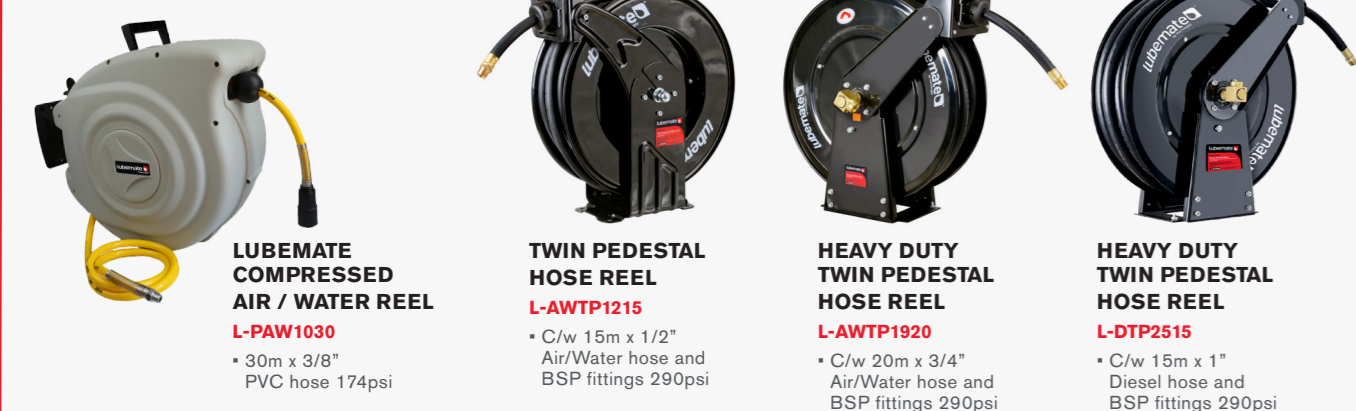

- ESAW1210-01**
  - c/w 10m x 1/2" Air/Water hose and BSP fittings 203psi
- ESO1210-01**
  - c/w 10m x 1/2" Oil hose and BSP fittings 1015psi
- ESGR0610-01**
  - c/w 10m x 1/4" Grease hose and BSP fittings 4060psi

### RETRACTA F-SERIES HEAVY DUTY TWIN PEDESTAL HOSE REEL

- FHO1915-01**
  - Twin pedestal hose reel c/w 15m x 3/4" Oil hose and BSP fittings 1500psi

**INDUSTRIAL STRENGTH. BACKED UP WITH 10 YEARS WARRANTY.\***

- LUBEMATE COMPRESSED AIR / WATER REEL L-PAW1030**
  - 30m x 3/8" PVC hose 174psi

- TWIN PEDESTAL HOSE REEL L-AWTP1215**
  - C/w 15m x 1/2" Air/Water hose and BSP fittings 290psi

- HEAVY DUTY TWIN PEDESTAL HOSE REEL L-AWTP1920**
  - C/w 20m x 3/4" Air/Water hose and BSP fittings 290psi

- HEAVY DUTY TWIN PEDESTAL HOSE REEL L-DTP2515**
  - C/w 15m x 1" Diesel hose and BSP fittings 290psi

**CAN'T JUST RELY ON GOOD DESIGN AND PRODUCT BUILD; QUALITY UPKEEP IS FUNDAMENTAL.**

Vehicle servicing is a big deal in Australia. It has to be. We live in a country where a quick run to the local shops - can actually take a few days there and back. Distances exist and, let's be honest, some of our roads are a little bit on the rough side. Which is why quality is something that should never be compromised.

Our outback roads mixed with our sometimes, unpredictable climatic conditions, really highlights why many of the world's leading car and truck manufacturers send their prototypes 'down under' for field testing.

If it can survive here, it can likely survive anywhere.

But that is just testing - we endure an entire operational life in these conditions. Operating in our Australian environment can't just rely on good design and product build; quality upkeep is fundamental. Owners and operators of cars, trucks, buses and other transport modules, all over Australia know the key to the longevity. To find quality, well-trained service technicians who use the best tools of the trade to service these robust mobile assets.

## FUEL

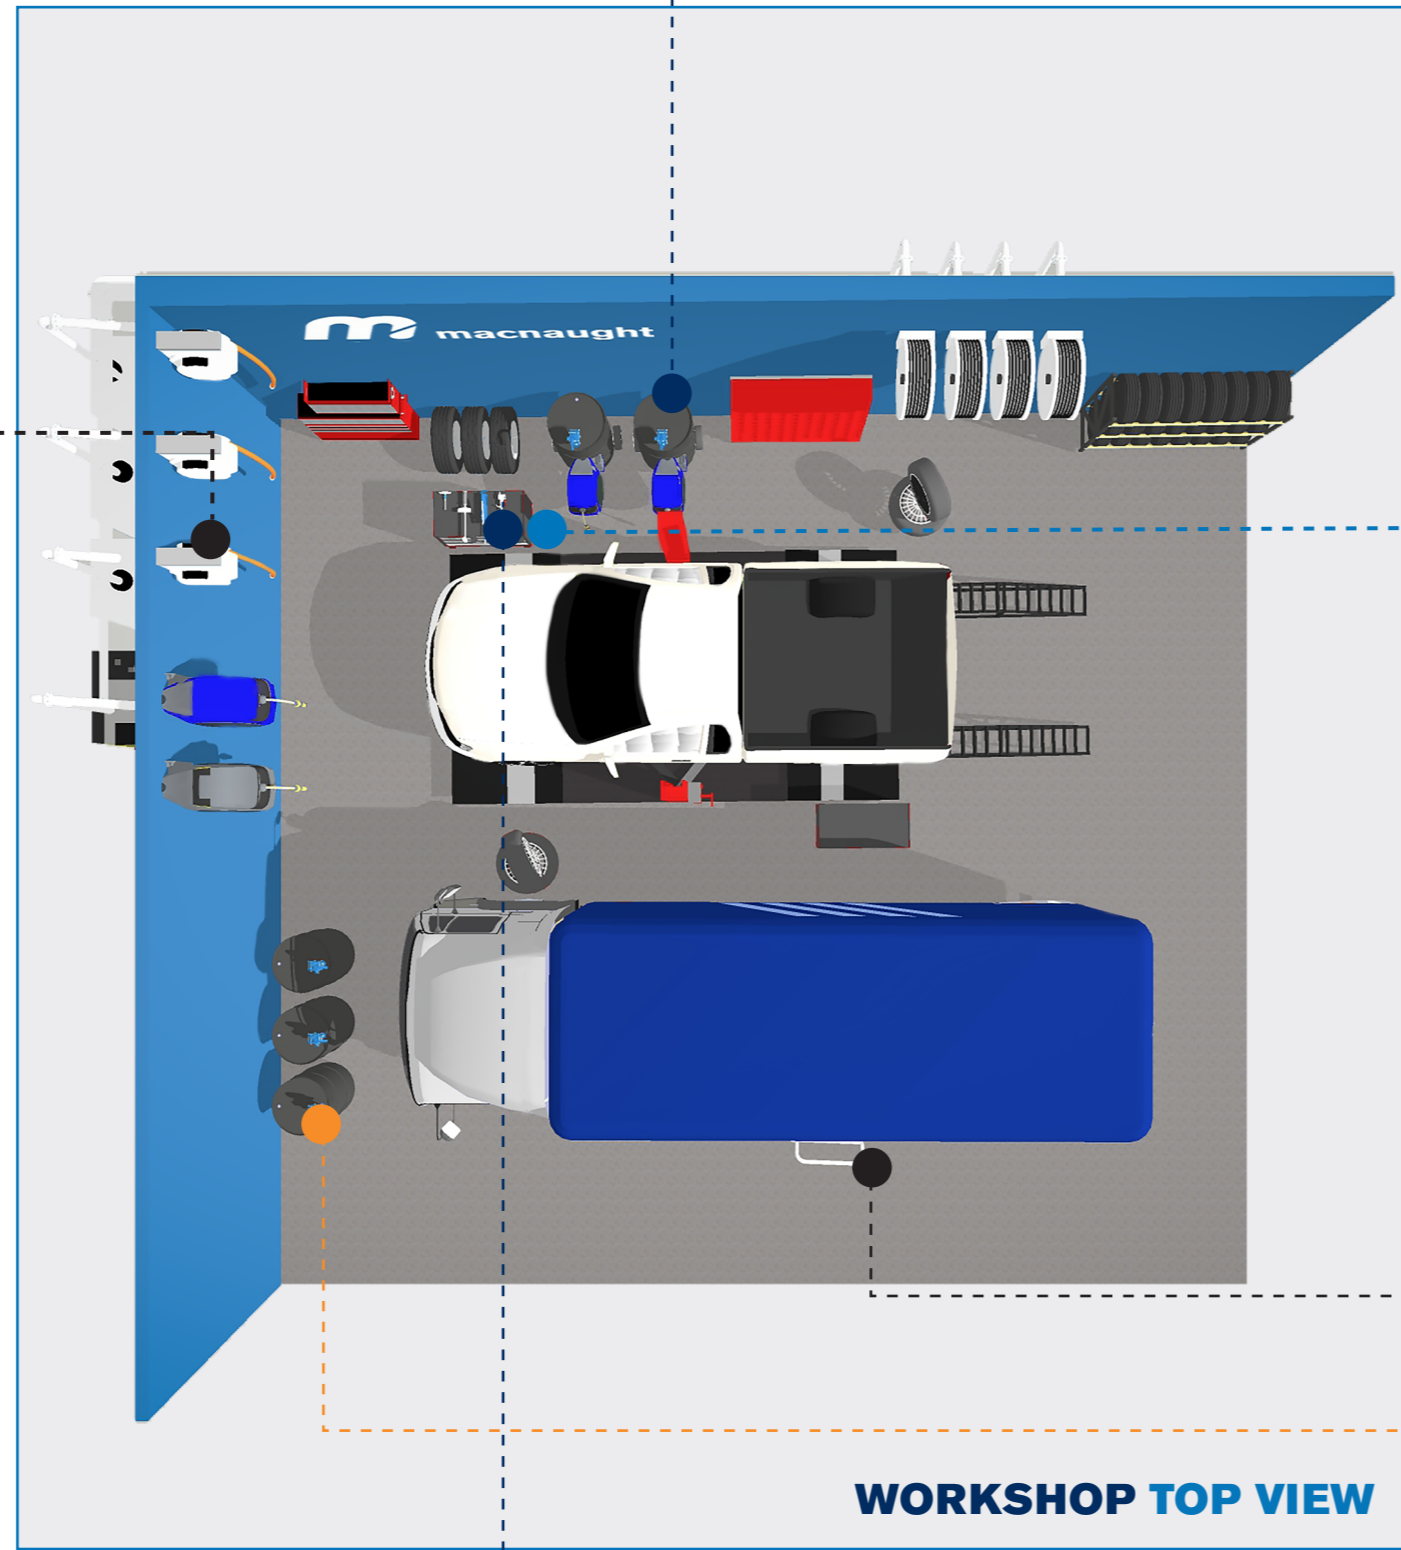

- 240V DIESEL MINI BOWSER 100L AMB100L**
  - Suitable for diesel use only
  - Flow rate up to 100LPM
  - Inlet/Outlet: 1" BSP (F)

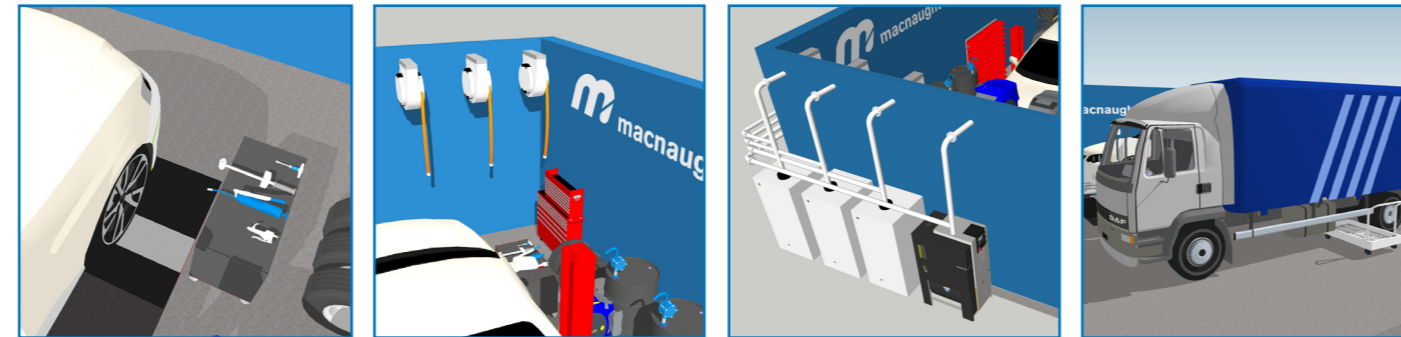

- 1" POSITIVE DISPLACEMENT MECHANICAL FUEL METER DM100-01**
  - Flow rate 3 - 80LPM
  - Max working pressure 50psi

- 1" TURBINE DIESEL FUEL METER ADTFM**
  - Flow rate 10 - 150LPM
  - Max working pressure 50psi

**WORKSHOP TOP VIEW**

## OIL DISPENSING KITS

### MACNAUGHT TROLLEY BASED OIL DISPENSING SYSTEM OS100GE-01

- Kit supplied with R-Series 3:1 ratio pump, Metered oil control gun, 205L Drum Trolley & Retracta Oil Reel 1/2" x 15m.

### R SERIES AIR OPERATED OIL PUMP R1000T-01

- 10:1 ratio suitable for 205L drum
- Flowrate - up to 18 l/min (free flow)
- Max air pressure - 150psi (1030 kPa)

### T-SERIES AIR OPERATED OIL PUMP T512T-01

- 5:1 Ratio Pump
- Flowrate - up to 13 L/min (free flow)

Specially designed and manufactured to give you many years of reliable trouble free service.

### LUBEMATE TROLLEY BASED OIL DISPENSING SYSTEM L-ARPTR-1

- Kit supplied with 3:1 ratio pump, Metered oil control gun, 205L Drum Trolley & Retracta Oil Reel 3/8" x 10m.

## WASTE OIL

### GRAVITY WASTE OIL DRAINER 90L L-OD90B

- 90L Capacity
- Wide bowl extender with filter mesh
- Min height - 1.31m / max height - 2.05m (with bowl)
- Powder coated steel tank

### TRUCK WASTE OIL DRAINERS L-TOD110P

- Low level oil drainer with swivel castors for easy movement
- Large 110L capacity

Repair and maintenance are a fine art these days with state-of-the-art diagnostics, elaborate and intricate electronics, and engine management systems. For the technicians and mechanics to keep up with the demand for maintenance on these machines; quality equipment minimises the need for waste and disposal of these vital tools of the trade.

Quality waste management solutions with Lubemate. Built tough to meet your heavy workshop needs.

## OIL PUMPS

- BP20X-OLA (20L) BP60X-OLA (60L)**
  - Pump Stem suitable for oils up to SAE 75W90
- BP20X-OHA (20L) BP60X-OHA (60L)**
  - Pump Stem suitable for heavy oils up to SAE 140

**EASY TO USE. PORTABLE. RECHARGEABLE.**

- BP205-OLA (20L) BP60X-ALA (60L)**
  - Pump Stem suitable for ATF
- BP20X-COA (20L) BP60X-COA (60L)**
  - Pump Stem suitable for Coolant

## GREASE EQUIPMENT

### POWERGUN BUILT TOUGH FOR DEMANDING CONDITIONS

- BATTERY OPERATED GREASE GUN PG450**
  - 3.0Ah Li-Ion battery technology
  - Max pressure - 8500psi
  - 450 gram cartridge or bulk fill
  - Maximum viscosity - up to NLGI 2

### POWERLUBE P3 GREASING SYSTEM - 20KG P3-01C

- P3001 (50:1) Air-operated pump**
  - Output 460g/min (free flow)
  - Grease viscosity up to NLGI No.2

### FLEXIGUN BEST SELLER

- 450G GREASE GUN K29-01**
  - Delivery pressure up to 68,900kPa (10,000psi)
  - Up to 0.68g per shot
  - Maximum grease viscosity up to NLGI no.2

### KY+ AND KY+XL SAFETY GREASE COUPLERS

- KYPLUS-01 / KYPLUS-02**
  - 1/8" BSP (F) / 1/8" NPT (F) thread type.
- KYPLUSXL-01 / KYPLUSXL-02**
  - 1/8" BSP (F) / 1/8" NPT (F) thread type.

Other accessories included but not limited to, grease couplers, flexible extensions, pressure/booster guns, drum trolleys and grease cartridges.

### P58 MAXILUBE GREASE PUMP P58-01 / P58PLF-01 (with Lid & Follower)

- 58:1 Ratio - high pressure grease pump**
  - High flow up to 6kg/min (free flow)
  - Heavy duty construction

### LEVERGUN 450G GREASE GUN K45-01

- Delivery pressure up to 82,750kPa (12,000psi)**
  - Up to 1.5g per shot
  - Maximum viscosity - Up to NLGI 2

### MINILUBE GREASING SYSTEM - 2.5KG CONTAINER K7-24

- Up to 0.45g per shot (high pressure setting)**
  - Up to 1.25g per shot (high pressure setting)
  - Maximum viscosity - Up to NLGI 2

Best in class for design, performance and reliability. It's no wonder our K29 FLEXIGUN is our best selling product. With it's heavy duty construction, our K29 is suitable for use in all greasing applications.
