

CHEMICAL TRANSFER PUMP

AdBlue/DEF COMPATIBLE
(MACP200)

2 Year
Warranty

*conditions apply

PRODUCT OVERVIEW

The MACP200 is made from Polypropylene with Ryton Rotors and has Polypropylene spout, delivery hose and moulded nozzle. These wetted materials are well suited to mineral oils, acids, alkalis, alcohols, diesel, coolants, water-based chemicals and clean and salt waters.

A more expanded Instruction Sheet will be included with the product to give a broader idea of chemical compatibility, but in all cases confirmation of a chemical suitability with the pump wetted parts is advised.

To add to this products broad suitability we have included three of the most popular drum bung adaptors to allow the standard 2" BSP thread to be converted to either DIN61 (yellow) / 2" Tri-Sure (orange) / 2" Mauser (blue).

FEATURES & BENEFITS

Multi-Position Outlet Tube
Adjustable to suit application

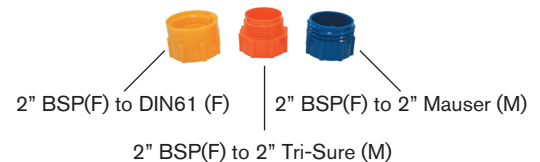

Rotary Action
Quick, effortless delivery of fluids in both directions

2m Delivery Hose
Dispense direct from drum into tanks or containers

Sliding Bung Adaptor
Suits different height drums from 60 – 205L

3-Piece Suction Tube
Allows different height drums to be accommodated

3 Additional Drum Adaptors
Allows the pump to be used with most drum types

Foot Valve
Pump always remains primed between uses

TECHNICAL SPECIFICATIONS

Suitable for use with machine oils, acids, alkalis, alcohols, diesel, coolants and water-based chemicals

Flow rate up to 20 L/min (viscosity dependant)

Reverse pumping requires removal of foot valve

Delivers approximately 280cc per rotation

Compatible with 60-205L drums

2m flexible delivery hose & nozzle

WETTED COMPONENTS

Polypropylene body, spout & suction tube

FKM seal

Ryton (PPS) rotors

PACKAGE INCLUDES

Rotary pump with 3-piece suction tube, pump handle and adjustable spout

2m flexible delivery hose and nozzle

200L drum bung adaptor with BSP thread

Drum Adaptor (Orange) – 2" BSP(F) to 2" Tri-Sure (M)

Drum Adaptor (Yellow) – 2" BSP(F) to DIN61 (F)

Drum Adaptor (Blue) – 2" BSP(F) to 2" Mauser (M)
