

BATTERY OPERATED PUMP STEMS COOLANTS

AUTOMOTIVE COOLANTS (SUITABLE FOR 20LTR & 60LTR CONTAINERS)

The Battery Operated Pump (BOP) Coolant model from Macnaught has been developed to dispense coolant. The BOP Coolant Pump Stem is available to suit most common 20 litre (5GAL) & 60 litre (16GAL) drum sizes. Using the BOP Powerhead, the BOP Coolant Pump can readily dispense up to 5.8 litres (1.53GAL) per minute making it your most valuable coolant applicator.

The BOP Coolant Pump Stem kit comes with a 1.5 metre hose connected to an on-demand control nozzle, and includes a unique green gun hook for easy identification.

FEATURES & BENEFITS

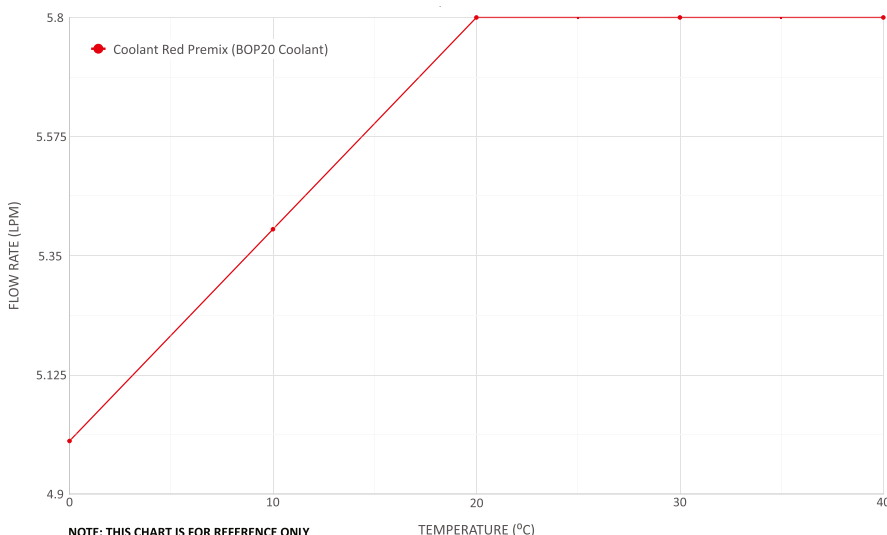

- Adaptors to suit most 20L (5GAL) & 60L (16GAL) containers
- Sealed wetted parts - zero contamination
- Simple single handed 'on demand' flow control
- No more pumping by hand means the BOP alleviates fatigue and other WH&S issues.

TECHNICAL SPECIFICATIONS

- Compatible with coolant
- Delivery rate - Up to 5.8L/min (1.53GAL/min) at 20°C (68°F)
- Adjustable Suction Tube
- Drum size - Nominal 20L (5GAL) & 60L (16GAL)
- 1/2" x 1.5m transparent hose
- On demand flow control
