

## Universal Clamping Funnel

L-UCFL

Universal funnel for refilling of engine oil, coolant, diesel and gasoline in vehicles, tractors, earthmovers and gensets. One size fits all. Funnel comes with a spring loaded glass filled nylon plier that fits on openings ranging between 1" (25mm) - 3-1/8" (80mm) that eliminates the need for multiple funnels or adaptors.

### Piercing attachment

Convenience of a built-in piercing attachment for easy bottle opening

**Polypropylene pouring section**  
Highly durable polymer

### Clear funnel neck

Transparent section shows oil flow and helps prevent overfilling of the container or vehicle

### Nylon plier

Spring loaded clamp for easy single handed operation

### Universal clamp design

Adjustable clamp ring securely fits most common applications

### TECHNICAL SPECIFICATIONS

- Wetted components: Polypropylene, polycarbonate
- Variable clamp to suit most openings

### RECOMMENDED USE WITH

- Light, medium and high viscosity oils, diesel, detergents and gasoline

### INCLUDED IN THIS PACK

- Universal funnel, nylon plier clamp & piercing attachment
- Instruction manual
