

MULTI-PURPOSE UNDERGROUND PUMP - 20L

The Macnaught 20L Multi-Purpose Underground Pump is your reliable fluid transfer companion, designed for underground mining use. The 20L Pump provides approximately 14 strokes per litre, and is ideal for transferring non-corrosive fluids or light to medium viscosity, such as engine oil, gear oil, transmission fluid, automotive additives, or machine oil.

Easy Prime Pump

Drain-Back Facility

Anti-Kink Spring

Zinc Plated Steel Spout

Curved Delivery Nozzle

MUP20-01
Multi-purpose Underground Pump - 20L

FEATURE & BENEFITS

- Easy down stroke displacement
- Fitted with Zinc plated steel anti-drip nozzle and drain back nozzle holder
- Ground shaft with 'O'ring seal
- Nylon head and handle
- Telescopic extension
- Ideal for transferring non-corrosive fluids of light to medium viscosity, such as engine oil, gear oil, transmission fluid, automotive additives, machine oil, etc
- Maximum viscosity is 5,000SSU
- Wetted Parts : Nylon, NBR, PVC, Steel and SS304

TECHNICAL SPECIFICATIONS

- Approximately 14 strokes per litre.
- 1.5 metre anti-kink hose.
- Special threaded adaptor to suit most 20-25L drums.

PACKAGE INCLUDES

- Coal Mining Pump

APPLICATIONS

- For underground mining use
